Contact : https://dabotics.org/
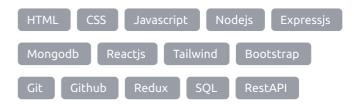

Web Developer Intern
Lensroom

01/2024 - 03/2024

Achievements/Tasks
- Developed Lensroom's present website from scratch during the internship period
- Assisting in the maintenance and updates of existing web applications.
- Enhanced proficiency in web development tools and techniques through hands-on experience during the internship.

SKILLS

HTML   CSS   Javascript   Nodejs   Expressjs

Mongodb   Reactjs   Tailwind   Bootstrap

Git   Github   Redux   SQL   RestAPI

PERSONAL PROJECTS

Skycol-Social Media Website (11/2023 - 12/2023)
- Developed a redux social media platform using MERN (MongoDB, Express.js, React.js, Node.js) technologies.
- Implements JWT (JSON Web Token) security protocols to ensure user authentication and data protection.
- Designed a user-friendly interface with React.js, ensuring smooth navigation and Redux for efficient state management.
- Implemented dynamic user interactions (liking, commenting, friending) and enhanced social connectivity with features for viewing post comments, managing friends, and accessing friend lists.

Market-Ecommerce Website (01/2024 - 03/2024)
- Developed a comprehensive e-commerce platform using MERN (MongoDB, Express.js, React.js, Node.js) technologies.
- Implemented JWT security and Redux for efficient state management, ensuring data protection and seamless user experience.
- Designed a user-friendly interface with React.js, featuring top products, new arrivals, and a captivating hero section with a carousel.
- Enabled product filtering by brands and categories, allowing users to add items to cart or make purchases directly on the shop page for enhanced convenience.
